

Resources for Week 3 Learning at Home – Room 10

Life Skills / Independent Living

1. Continue to practice washing hands using correct technique and method (task analysis and visuals included).
2. Prepare a meal together: Sweet Treats. There are two recipes available this week. One is for chocolate nests which you will find below. The other is for shortbread biscuits, which is attached separately and includes each instruction broken down into pictures.
3. Identify essential personal care routine – washing hands, washing body, using soap, using deodorant, brushing hair, brushing teeth – giving reasons why each is essential. Use the images below as a guide or checklist for each step of the routine.
4. Recognise common emotions of others – begin with happy, sad, angry. Show these emotions using facial and body expressions. Ask child to repeat. Discuss what makes them happy, sad or angry. Sort the images on attached worksheet, or simply identify the feelings expressed in the images.

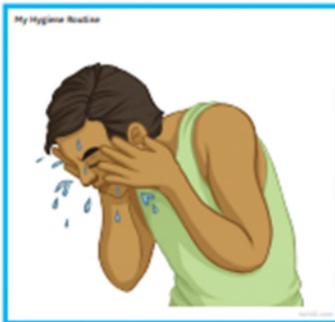

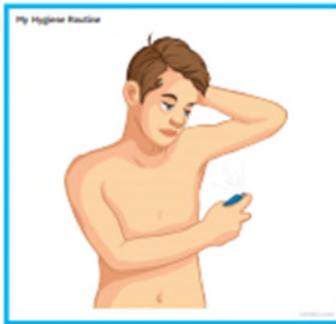

Personal Development

1. Begin to explain to your child what recycling is and why we do it. Explain initially that we can recycle paper, card and hard plastics. There are labels attached separately, that you can stick on your bin. Every time you need to place one of these items in the bin ask your child for help in identifying where it should go.

Functional Academics

1. Continue to identify common household items by name – ask them to get various items around the house e.g. brush, pillow, blanket, spoon, plate etc. Look at the images below and ask your child to find them around the house. Can they name them too? Alternatively there are similar images in photo versions attached separately.
2. CORE VOCABULARY: Revise the animals from the images attached in week 2. Can your child name them? Ask them to point out the different items. There are some new images of different animals below. Introduce these to your child. Name them, ask your child to identify them saying “show me the ____”. Point to the animal and ask them to name it or use their Lámh sign if they know it.
3. Read the icons on a phone or tablet and be able to choose their preferred app.
4. Trace the patterns on the attached booklet, using correct pencil grip. Repeat the patterns using several different colours to extend the use of the worksheets.
5. Count and match numbers – count everyday items around the home e.g. cushions, beds, tins of food, crayons, fruit, books etc
6. Perform basic addition and subtraction with the items you have counted.
7. Identify the days of the week every morning. Trace or copy the days. There are flashcards included below and two worksheets attached for this topic.

Personal Care Routine:

1

To stay clean and fresh after PE...

have a shower.

Use plenty of soap or shower gel to wash.

Wash under your arms and your private parts.

Get dry with a towel.

Recipe to make together:

Chocolate Duck Nests

Ingredients

- 225g plain or milk chocolate
- 2 tbsp golden syrup
- 50g butter
- 75g cornflakes
- Mini chocolate eggs

Equipment

- Paper fairy cake cases
- Fairy cake tin
- Bowl
- Saucepan
- Wooden spoon

Method

1. Line the fairy cake tin with the paper cases.
2. Break the chocolate into pieces.
3. With adult support, gently simmer some water in the bottom of the saucepan.
4. Put the chocolate, golden syrup and butter in a bowl. Place the bowl carefully over the pan of gently simmering water.
5. Stir the mixture until it has melted and is smooth.
6. Take the bowl off of the heat and stir in the cornflakes until all of the cereal is coated in the chocolate.
7. Divide the mixture between the paper cases.
8. Place 3 mini chocolate eggs into the centre of each nest.
9. Chill the nests in the fridge until they are completely set.
10. Enjoy eating your yummy duck nests!

Language Development: Household items

Bedroom

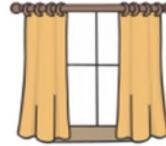

bedroom

chest of drawers

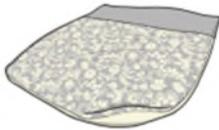

cot
